21 students complete GCC's 2nd Future Builders Construction Boot Camp

By Jolene Toves
jolene@postguam.com

Twenty-one recent high school graduates have completed the Guam Community College's Future Builders Boot Camp and are on their way to new jobs.

The college held a ceremony at the Mangilao campus on Monday to celebrate the participants' success in the 12-week program.

Among the graduates was Mathew Flynn, who said participating in the program helped squash any doubt that a construction job was worth pursuing.

"When I thought about the work environment, I thought about it for so long. I thought it was worth a try to find out, not knowing what the outcome would be. From then on, I was interested in learning about the program," said Flynn.

Flynn has secured a job with Black Construction and encourages others to give the program a try.

"I would definitely recommend others to try out the program for them-

selves and see what the construction field is all about," said Flynn.

Pilar Williams, GCC dean for Trade and Professional Services, gave the opening remarks on behalf of GCC President Mary Okada, who was not able to attend the ceremony due to a budget hearing at the Legislature.

Williams read the president's prepared speech which asked them to reflect on the program.

"In the midst of all the graduation ceremonies happening around our island, your completion is symbolic of the transition to the world of work. For some, it might be a new career; for others, the entry point to an exciting adventure. Nonetheless, it's now time to make the commitment to be the best at what you do," read Williams.

The Future Builders of Guam Construction Boot Camp is geared towards recent high school graduates focusing on the following disciplines: Carpentry, Welding, Electrical, Basic Blue Print Reading, Heating, Ventilation & Air Conditioning (HVAC).

Participants in the program earn nationally recognized certifications

in the areas listed above. In addition, participants will be able to earn a National Career Readiness Certification (NCRC), OSHA-10 Certificate, and CPR/Basic First Aid.

"The need for skilled workers on our island continues to increase with the expansion of our construction industry and all the opportunities for economic growth for our sustainable future. I encourage all of you to guide someone you know, a friend or a family member, to take advantage of the training programs that the college is working on to support our community," read Williams.

Bridging the gap between students, education, training, and employers to create a sustainable workforce for our island, Okada encouraged the students to always bring their A game. "Don't stop learning and prepare yourself for that next step to advance.

Always remember to bring your A game to work: appreciation, attendance, appearance, ambition, acceptance, accountability, and most important, your attitude. Every day is game day. Folks are counting on you," read Williams.

Gov. Lou Leon Guerrero congratulated the graduates who saw an opportunity despite the pandemic and seized it.

"While we celebrate you and the promising futures set before you. Know that each of each of you are part of something bigger," said the governor, who referenced the need to grow the local construction workforce and rebuild the island's flagging economy.

"As we navigate a post-pandemic world, we have an opportunity to build up what I think is our most valuable and precious resource, our community sources, you."

9 GHURA employees graduate from apprenticeship program

Nine employees of the Guam Housing and Urban Renewal Authority have completed the Guam Registered Apprenticeship Program at Guam Community College, improving and expanding their skill sets in the process.

They graduated last week during a ceremony at the Sinajana Mayor's Office.

Seven of the employees completed the office manager services program and two completed the building maintenance and repairer program.

With the graduation, the total number of GHURA employees who

have completed the program is up to 27 - 14 in the building maintenance repairer program, 12 in the officer manager services program and one in the electrical program.

"I am so proud of my nine apprentices who committed many hours of their personal time to obtain this nationally recognized certification. It is not easy to have a full-time job at GHURA, in most cases raise a family, and then take courses during your personal time with the goal of doing better in your respective professional capacities," GHURA Executive Director Ray Topasna stated in a release.

"In most instances, it takes 2 years to complete the apprenticeship program. This type of commitment is indicative of the work culture here at the housing authority. I want to personally thank my team for their dedication but just as important the families for allowing their loved ones to go to school with the hope of a better future," he added.

(Daily Post Staff)

“This type of commitment is indicative of the work culture here at the housing authority.”

EU to open doors to vaccinated foreigners

By Philip Blenkinsop
Reuters

European Union countries agreed on Wednesday to ease COVID-19 travel restrictions on non-EU visitors ahead of the summer tourist season, a move that could open the bloc's door to all Britons and to vaccinated Americans.

Ambassadors from the 27 EU countries approved a European Commission proposal from May 3

to loosen the criteria to determine "safe" countries and to let in fully vaccinated tourists from elsewhere, EU sources said.

They are expected to set a new list this week or early next week. Based on data from the European Centre for Disease Control and Prevention, Britain and a number of other countries would meet the new criteria.

The United States would not, although Americans with proof of vaccination would be welcomed.

One EU diplomat said cases of the Indian variant in Britain would need to be taken into account, although individual EU countries are already setting their own policies. Portugal lifted a four-month travel ban on British tourists on Monday.

Under current restrictions, people from only seven countries, including Australia, Israel and Singapore, can enter the EU on holiday, regardless of whether they have been vaccinated.

Individual countries can and will

still be able to choose to demand a negative COVID-19 test or a period of quarantine.

The current main criterion is that there should be no more than 25 new COVID-19 cases per 100,000 people in the previous 14 days. The trend should be stable or decreasing and there should be a sufficient number of tests, which would need to show a minimum percentage of negative tests. Variants of concern can be taken into account.

Colombia protests stretch into 4th week, demonstrators vow to carry on

By Nelson Bocanegra
Reuters

Colombia's wave of anti-government protests entered their fourth week on Wednesday, as unions, student groups and others turned out at marches to demand social change amid intermittent talks between the government and strike organizers.

The protests have been marked by violence by both police and civilians. The attorney general's office

BOGOTA: Demonstrators take part in a protest demanding government action to tackle poverty, police violence and inequalities in health care and education systems, in Bogotá, Colombia, on Wednesday.
Luisa Gonzalez/Reuters

has confirmed 15 deaths connected to protests, while one human rights group tallies more than 40.

President Ivan Duque earlier this

week ordered the clearance of road blockades around the country, which have caused shortages of food and gasoline.

The demonstrations, originally called in late April against a now-canceled tax plan, have expanded to include demands like a basic income, an end to police violence and opportunities for young people.

A health reform also opposed by many protesters, which they had criticized as too vague to make real change to Colombia's fragile health care system, was shelved by a joint congressional committee on Wednesday.

Some 8,000 people attended protests in capital Bogotá, the mayor's office estimated. It added in a statement that all demonstrations were peaceful, but urged people to begin

journeys home by 4 p.m.

A few hundred gathered in Bogotá's Bolívar Plaza.

"We're accompanying our young people, our children, our grandchildren, who still lack opportunities despite our fighting for so long," said lawyer Roberto Hermida, 68.

Hermida said he wanted there to be more educational opportunities and better health care.

Ati Quigua, 40, an Arhuaco indigenous leader, said she was protesting murders of human rights activists with 50 members of her community, saying they were on an "indefinite strike."

The national strike committee, made up of major unions, student groups and others, has held several discussions with government representatives about protesters' demands, but the two sides are not yet holding formal talks.

IV. DETERMINATION OF QUORUM

With the presence of four (4) board members, a quorum was determined for the meeting to proceed.

APPROVAL OF MINUTES

Chief Justice Carbullido stated the board will proceed with the approval of the minutes of the regular board meeting of March 23, 2021.

Motion to adopt the minutes subject to correction was made by Trustee Quinata and seconded by Trustee Ecube. Approved by acclamation.

V. OLD BUSINESS

A. FINANCIAL STATUS UPDATE (PDSC, APD, and DVP) Allotment Releases

CFO Moreno reported that PDSC and APD have received their second allotments for April on the 16th and both are running at 92%, respectively.

DVP – PDSC is currently still using STOP 2019 funding which will carry through June, 2021. STOP 2020 is a work in progress and they continue to communicate with the Governor’s office to formalize this funding.

B. REPORT FROM PDSC EXECUTIVE DIRECTOR

ED Hattori reported that PDSC currently has over 1,180 prejudgment cases. As shown in the data, PDSC opened 267 cases in FY2019, 564 in FY2020 and 349 currently in FY2021. He went on to explain that the graph provided also indicates how many cases were asserted and how many clients waived their right to speedy trial-and when they selected to do so (while confined, released, etc.). ED Hattori mentioned that they may need to reconcile the data because of the gap between the total of prejudgment cases and the total of asserted and waived cases. He also assured the board that the disparity between asserted-confined and waived cases exists mainly because of clients who fall under the category of mental illness. He also noted that PDSC does not currently have a backlog of asserted cases relative to the number of waivers. Lastly, under the Executive Director’s Report, ED Hattori stated that he was aware that there may be an opportunity for certain jurisdictions to secure funding from the American Rescue Plan (APR) to hire legal counsel to address any backlog in cases, but that PDSC needed to do further research.

Chief Justice Carbullido asked ED Hattori where he learned this information to which ED Hattori responded that it was a particular state who was able to convince their governor to allocate a portion of the funds for indigent defense. Chief Justice Carbullido then instructed ED Hattori to take the initiative with the approval of the board to research the ARP Treasury guidelines to see if PDSC would qualify for such funding. If the language suggests that the funding can be used to address indigent defense backlog, Chief Justice Carbullido suggested that PDSC prepare a request justifying their eligibility.

Continuing his report, ED Hattori also shared that PDSC was approved for a grant that allows Zoom enabled devices to be installed at the local correctional facilities. These devices would facilitate attorney client visits. Since the grant provided funds in excess of what was originally requested, ED Hattori mentioned that they will be

working with the Governor's office and the Department of Corrections to see if the visits could expand to include family video visitation. He also stated that PDSC continues to work on the PayTel cost issue with DOC and the office hopes to appeal to the Legislature to set aside the 15% paid to the general fund by the owners of PayTel, to instead have it allocated to DOC to offset attorney client phone calls.

C. REPORT FROM APD MANAGING ATTORNEY

MA Gayle began by sharing the number of cases that APD has closed out since FY2018. In FY2018, they closed 560 cases, 266 in FY2019, 114 in FY2020 and as of the second quarter of FY2021, they have processed and closed 14 cases. She also shared that they did include the number of asserted cases but did not create a separate category of the specific type of cases which were either being asserted or waived. Chief Justice Carbullido asked that going forward the data be revised to include the number of new cases that come in during the time cases are being closed, so that the board can better determine if a backlog exists. He also asked MA Gayle to add a confined and released category to which MA Gayle acknowledged.

D. PUBLIC HEALTH LEGAL ASSISTANCE SERVICES FOR SENIORS PROGRAM – ELDER JUSTICE CENTER

Chief Justice Carbullido recognized MA Kathy Siguenza. She reported that with the unanimous passing of Bill 100-36 COR, the Public Defender Service Corporation has received authorization to apply, receive and administer grants, as well as to enter into intergovernmental agreements which will help facilitate a more permanent Elder Justice Center. MA Siguenza shared that the bill was introduced on March 29, 2021 and was referred to the committee on April 1st. A public hearing was held on April 9 and it was brought to the session floor on April 23rd with no objections. She reiterated that the passing of this bill was essential for the long-term success of the EJC and was enthusiastic about the ability to provide legal services for those who are in the greatest economic and social need.

Chief Justice Carbullido asked specifically which entity would be applying for federal grants to which MA Siguenza confirmed the Public Defender Service Corporation. He also brought up the fact that the eligibility for services seemed quite narrow and MA Siguenza agreed and assured the board that it was something they would like to further discuss at another meeting as they would need to research and analyze federal statutes. Chief Justice Carbullido mentioned that it need not be a pressing issue as the board has yet to determine whether the EJC is going to be a permanent entity within the PD's office; however, he advised that there will be a more opportune time to resolve the eligibility issue once we get closer to the expiration of the pilot program.

MA Siguenza continued and shared that the grand opening for the Elder Justice Center will take place on May 3, 2021 at 10:30am in conjunction with the proclamation signing celebrating Senior Citizen's Month. She mentioned that the Governor's office had graciously agreed to combine the two ceremonies and has volunteered to handle most of the logistics for that day. Following COVID-19

guidelines, the event will host no more than 25 guests and they will comprise of officials from DPHSS, PDSC Board of Trustees, the 36th Guam Legislature, Mayor's Council and the media. MA Siguenza then asked PC Moylan to provide some statistics.

PC Moylan reported that for March 15 – 31st, they have received 13 requests for power of attorney, 12 for last wills and testaments, 12 living wills and 3 legal guardianships. They have also been handling inquiries for deed of gifts, war claims and protection orders. The EJC has been sorting through these requests and have also been referring clients to the Guam Bar Association, The Office of the Public Guardian and the Public Defender's Victim Services Program. PC Moylan stated that during the month of April, they continue to tackle to original waitlist from DSC. The list contained 241 potential clients and as of this month they have been able to assist 19 seniors with 40 legal services. Although the numbers may not show it, PC Moylan assured the board that the bulk of the work has been in the effort to contact the clients, speak to family members, coordinate appointments and work through DSC's case management system. She also mentioned that they have had to create an additional waitlist to better organize case priority. That waitlist is currently at 95. She then went on to report that the EJC had held two workshops with the Guam Micronesia Geriatrics Workforce Enhancement Program. Additionally, they have also participated in Dementia Awareness Conference Series, Public Health Awareness Week proclamation signing and several other events in support of senior citizens. **Chief Justice Carbullido then asked for a motion to adopt Resolution PDSC-06-21 in reference to the Elder Justice Center ribbon cutting ceremony. Trustee Ecube motioned to adopt the resolution. The motion was seconded by Trustee Quinata and was unanimously approved by acclamation.**

E. BJA's SIXTH AMENDMENT INITIATIVE: STRENGTHENING THE CONSTITUTIONAL PROTECTIONS OF THE ACUSED

Chief Justice Carbullido moved for an update on the BJA initiative. AD Gogue mentioned that because the May BOT meeting could not be rescheduled to accommodate the Technical Assistant (TA) from the east coast, she asked that the June meeting be moved up to 10AM so that the TA could attend and provide insight to the board relative to the work they did for the Guam site. There was no objection from the attending members to move the meeting from 12:30PM to 10:00AM.

VI. **NEW BUSINESS:**

A. Financial Adjustment Request for Computers/Laptops Encumbered in FY2020

MA Gayle stated that she provided documentation to support her request from the last meeting regarding items encumbered in FY2020 which were not expensed officially until FY2021 due to COVID-19 restrictions. She asked the board to approve the use of lapse funds to cover the \$24,276. Chief Justice Carbullido advised MA Gayle to use APD's cumulative lapse funds to which CFO Moreno

asked for further clarification. CFO Moreno stated that the issue is occurring within this financial reporting year. Because APD requested to have the expense shown in FY2020, it would disrupt and alter the audit already in process with DOA. Chief Justice Carbullido then advised MA Gayle to work with PDSC and CFO Moreno to document the expense however feasible but also reiterated that it'd be better to allocate any lapse funds now rather than wait till the end of FY2021. MA Gayle and CFO Moreno acknowledged. **Chief Justice Carbullido then moved for a motion to adopt Resolution PDSC-07-21 regarding the use of lapse funds for APD's computer upgrades. Trustee Quinata motioned to adopt while Trustee Ecube seconded the motion. Attorney Terlaje made it known that she was abstaining from voting as she maintained a conflict with the vendor. PDSC-07-21 was adopted and approved by acclamation.**

VII. **EXECUTIVE SESSION**

Chief Justice Carbullido asked that the executive session be tabled to the May meeting due to time constraints and additional material they received from administrative staff. There were no objections.

VIII. **PUBLIC DISCUSSION**

None.

IX. **ADJOURNMENT AND NEXT MEETING DATE:**

With no further matters to discuss, **motion was made by Trustee Quinata and seconded by Trustee Ecube to adjourn the meeting. Approved by acclamation.**

The next BOT meeting is scheduled for Tuesday, May 25, 2021, at 12:30 p.m. in the PDSC conference room.

Respectfully submitted,
